

# OAuth 2.0 Scopes for Google APIs

**Contents**

Ad Exchange Buyer API, v1.4

Ad Exchange Seller API, v2.0

AdSense Host API, v4.1

AdSense Management API, v1.4

...

This document lists the OAuth 2.0 scopes that you might need to request to access Google APIs, depending on the level of access you need.

## Ad Exchange Buyer API, v1.4

Scope	Description
https://www.googleapis.com/auth/adexchange.buyer	Manage your Ad Exchange buyer account configuration

## Ad Exchange Seller API, v2.0

Scope	Description
https://www.googleapis.com/auth/adexchange.seller	View and manage your Ad Exchange data
https://www.googleapis.com/auth/adexchange.seller.readonly	View your Ad Exchange data

## AdSense Host API, v4.1

Scope	Description
https://www.googleapis.com/auth/adsensehost	View and manage your AdSense host data and associated accounts

## AdSense Management API, v1.4

Scope	Description
https://www.googleapis.com/auth/adsense	View and manage your AdSense data
https://www.googleapis.com/auth/adsense.readonly	View your AdSense data

## Admin Reports API, reports\_v1

Scope	Description
https://www.googleapis.com/auth/admin.reports.audit.readonly	View audit reports of Google Apps for your domain
https://www.googleapis.com/auth/admin.reports.usage.readonly	View usage reports of Google

Apps for your domain

## BigQuery API, v2

Scope	Description
https://www.googleapis.com/auth/bigquery	View and manage your data in Google BigQuery
https://www.googleapis.com/auth/bigquery.insertdata	Insert data into Google BigQuery
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services
https://www.googleapis.com/auth/devstorage.full_control	Manage your data and permissions in Google Cloud Storage
https://www.googleapis.com/auth/devstorage.read_only	View your data in Google Cloud Storage
https://www.googleapis.com/auth/devstorage.read_write	Manage your data in Google Cloud Storage

## Blogger API, v3

Scope	Description
https://www.googleapis.com/auth/blogger	Manage your Blogger account
https://www.googleapis.com/auth/blogger.readonly	View your Blogger account

## Books API, v1

Scope	Description
https://www.googleapis.com/auth/books	Manage your books

## Calendar API, v3

Scope	Description
https://www.googleapis.com/auth/calendar	Manage your calendars
https://www.googleapis.com/auth/calendar.readonly	View your calendars

## Cloud Monitoring API, v2beta2

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services

https://www.googleapis.com/auth/monitoring	View and write monitoring data for all of your Google and third-party Cloud and API projects
--------------------------------------------	----------------------------------------------------------------------------------------------

## Cloud SQL Administration API, v1beta4

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/sqlservice.admin	Manage your Google SQL Service instances

## Cloud Storage JSON API, v1

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services
https://www.googleapis.com/auth/devstorage.full_control	Manage your data and permissions in Google Cloud Storage
https://www.googleapis.com/auth/devstorage.read_only	View your data in Google Cloud Storage
https://www.googleapis.com/auth/devstorage.read_write	Manage your data in Google Cloud Storage

## Cloud User Accounts API, vm\_alpha

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud.useraccounts	Manage your Google Cloud User Accounts
https://www.googleapis.com/auth/cloud.useraccounts.readonly	View your Google Cloud User Accounts

## Compute Engine API, v1

Scope	Description
-------	-------------

https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/compute	View and manage your Google Compute Engine resources
https://www.googleapis.com/auth/compute.readonly	View your Google Compute Engine resources
https://www.googleapis.com/auth/devstorage.full_control	Manage your data and permissions in Google Cloud Storage
https://www.googleapis.com/auth/devstorage.read_only	View your data in Google Cloud Storage
https://www.googleapis.com/auth/devstorage.read_write	Manage your data in Google Cloud Storage

## Content API for Shopping, v2

Scope	Description
https://www.googleapis.com/auth/content	Manage your product listings and accounts for Google Shopping

## DCM/DFA Reporting And Trafficking API, v2.4

Scope	Description
https://www.googleapis.com/auth/dfareporting	View and manage DoubleClick for Advertisers reports
https://www.googleapis.com/auth/dfatrafficking	View and manage your DoubleClick Campaign Manager's (DCM) display ad campaigns

## Deployment Manager API, v1beta2

Scope	Description
https://www.googleapis.com/auth/appengine.admin	View and manage your applications deployed on Google App Engine
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services
https://www.googleapis.com/auth/compute	View and manage your Google Compute Engine resources
https://www.googleapis.com/auth/devstorage.read_write	Manage your data in Google Cloud Storage
https://www.googleapis.com/auth/ndev.cloudman	View and manage your Google Cloud Platform management resources

	and deployment status information
https://www.googleapis.com/auth/ndev.cloudman.readonly	View your Google Cloud Platform management resources and deployment status information

## DoubleClick Search API, v2

Scope	Description
https://www.googleapis.com/auth/doubleclicksearch	View and manage your advertising data in DoubleClick Search

## Drive API, v3

Scope	Description
https://www.googleapis.com/auth/drive	View and manage the files in your Google Drive
https://www.googleapis.com/auth/drive.appdata	View and manage its own configuration data in your Google Drive
https://www.googleapis.com/auth/drive.file	View and manage Google Drive files and folders that you have opened or created with this app
https://www.googleapis.com/auth/drive.metadata	View and manage metadata of files in your Google Drive
https://www.googleapis.com/auth/drive.metadata.readonly	View metadata for files in your Google Drive
https://www.googleapis.com/auth/drive.photos.readonly	View the photos, videos and albums in your Google Photos
https://www.googleapis.com/auth/drive.readonly	View the files in your Google Drive
https://www.googleapis.com/auth/drive.scripts	Modify your Google Apps Script scripts' behavior

## Enterprise Apps Reseller API, v1

Scope	Description
https://www.googleapis.com/auth/apps.order	Manage users on your domain
https://www.googleapis.com/auth/apps.order.readonly	Manage users on your domain

## Enterprise License Manager API. v1

Scope	Description
https://www.googleapis.com/auth/apps.licensing	View and manage Google Apps licenses for your domain

## Fitness, v1

Scope	Description
https://www.googleapis.com/auth/fitness.activity.read	View your activity information in Google Fit
https://www.googleapis.com/auth/fitness.activity.write	View and store your activity information in Google Fit
https://www.googleapis.com/auth/fitness.body.read	View body sensor information in Google Fit
https://www.googleapis.com/auth/fitness.body.write	View and store body sensor data in Google Fit
https://www.googleapis.com/auth/fitness.location.read	View your stored location data in Google Fit
https://www.googleapis.com/auth/fitness.location.write	View and store your location data in Google Fit

## Fusion Tables API, v2

Scope	Description
https://www.googleapis.com/auth/fusiontables	Manage your Fusion Tables
https://www.googleapis.com/auth/fusiontables.readonly	View your Fusion Tables

## Genomics API, v1beta2

Scope	Description
https://www.googleapis.com/auth/bigquery	View and manage your data in Google BigQuery
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/devstorage.read_write	Manage your data in Google Cloud Storage
https://www.googleapis.com/auth/genomics	View and manage Genomics data
https://www.googleapis.com/auth/genomics.readonly	View Genomics data

## Genomics API, v1

Scope	Description
https://www.googleapis.com/auth/bigquery	View and manage your data in Google BigQuery

data in Google BigQuery

https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/devstorage.read_write	Manage your data in Google Cloud Storage
https://www.googleapis.com/auth/genomics	View and manage Genomics data
https://www.googleapis.com/auth/genomics.readonly	View Genomics data

Gmail API, v1

Scope	Description
https://mail.google.com/	View and manage your mail
https://www.googleapis.com/auth/gmail.compose	Manage drafts and send emails
https://www.googleapis.com/auth/gmail.insert	Insert mail into your mailbox
https://www.googleapis.com/auth/gmail.labels	Manage mailbox labels
https://www.googleapis.com/auth/gmail.modify	View and modify but not delete your email
https://www.googleapis.com/auth/gmail.readonly	View your emails messages and settings
https://www.googleapis.com/auth/gmail.send	Send email on your behalf

Google Analytics API, v3

Scope	Description
https://www.googleapis.com/auth/analytics	View and manage your Google Analytics data
https://www.googleapis.com/auth/analytics.edit	Edit Google Analytics management entities
https://www.googleapis.com/auth/analytics.manage.users	Manage Google Analytics Account users by email address
https://www.googleapis.com/auth/analytics.manage.users.readonly	View Google Analytics user permissions
https://www.googleapis.com/auth/analytics.provision	Create a new Google Analytics account along with its default property and view
https://www.googleapis.com/auth/analytics.readonly	View your Google Analytics data

## Google App Engine Admin API, v1beta5

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services

## Google App State API, v1

Scope	Description
https://www.googleapis.com/auth/appstate	View and manage your data for this application

## Google Apps Activity API, v1

Scope	Description
https://www.googleapis.com/auth/activity	View the activity history of your Google Apps
https://www.googleapis.com/auth/drive	View and manage the files in your Google Drive
https://www.googleapis.com/auth/drive.metadata	View and manage metadata of files in your Google Drive
https://www.googleapis.com/auth/drive.metadata.readonly	View metadata for files in your Google Drive
https://www.googleapis.com/auth/drive.readonly	View the files in your Google Drive

## Google Apps Script Execution API, v1

Scope	Description
https://mail.google.com/	View and manage your mail
https://www.google.com/calendar/feeds	Manage your calendars
https://www.google.com/m8/feeds	Manage your contacts
https://www.googleapis.com/auth/admin.directory.group	View and manage the provisioning of groups on your domain
https://www.googleapis.com/auth/admin.directory.user	View and manage the provisioning of users on your domain
https://www.googleapis.com/auth/drive	View and manage the files in your Google Drive
https://www.googleapis.com/auth/forms	View and manage your forms in Google Drive
https://www.googleapis.com/auth/forms.currentonly	View and manage forms that this application has been installed in

https://www.googleapis.com/auth/groups	View and manage your Google Groups
https://www.googleapis.com/auth/userinfo.email	View your email address

## Google Classroom API, v1

Scope	Description
https://www.googleapis.com/auth/classroom.courses	Manage your Google Classroom classes
https://www.googleapis.com/auth/classroom.courses.readonly	View your Google Classroom classes
https://www.googleapis.com/auth/classroom.profile.emails	View the email addresses of people in your classes
https://www.googleapis.com/auth/classroom.profile.photos	View the profile photos of people in your classes
https://www.googleapis.com/auth/classroom.rosters	Manage your Google Classroom class rosters
https://www.googleapis.com/auth/classroom.rosters.readonly	View your Google Classroom class rosters

## Google Cloud Billing API, v1

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services

## Google Cloud DNS API, v1

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services
https://www.googleapis.com/auth/ndev.cloudDNS.readonly	View your DNS records hosted by Google Cloud DNS
https://www.googleapis.com/auth/ndev.cloudDNS.readwrite	View and manage your DNS records hosted by Google Cloud DNS

## Google Cloud Dataproc API, v1

Scope	Description
-------	-------------

https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/logging.admin	Administrate log data for your projects
https://www.googleapis.com/auth/logging.read	View log data for your projects
https://www.googleapis.com/auth/logging.write	Submit log data for your projects

## Google Cloud Datastore API, v1beta2

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/datastore	View and manage your Google Cloud Datastore data
https://www.googleapis.com/auth/userinfo.email	View your email address

## Google Cloud Debugger API, v2

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud_debugger	Manage cloud debugger
https://www.googleapis.com/auth/cloud_debugletcontroller	Manage active breakpoints in cloud debugger

## Google Cloud Deployment Manager API, v2

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services
https://www.googleapis.com/auth/ndev.cloudman	View and manage your Google Cloud Platform management resources and deployment status information
https://www.googleapis.com/auth/ndev.cloudman.readonly	View your Google Cloud Platform management resources and deployment status information

## Google Cloud Logging API, v2beta1

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services
https://www.googleapis.com/auth/logging.admin	Administrate log data for your projects
https://www.googleapis.com/auth/logging.read	View log data for your projects
https://www.googleapis.com/auth/logging.write	Submit log data for your projects

## Google Cloud Network Performance Monitoring API, v2

Scope	Description
https://www.googleapis.com/auth/monitoring.readonly	View monitoring data for all of your Google Cloud and API projects

## Google Cloud Pub/Sub API, v1

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/pubsub	View and manage Pub/Sub topics and subscriptions

## Google Cloud Resource Manager API, v1beta1

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services

## Google Cloud Service Registry API V1, alpha

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services
https://www.googleapis.com/auth/ndev.cloudman	View and manage your Google Cloud Platform management resources and deployment status information

Information	
https://www.googleapis.com/auth/ndev.cloudman.readonly	View your Google Cloud Platform management resources and deployment status information

## Google Cloud Trace API, v1

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services

## Google Compute Engine Autoscaler API, v1beta2

Scope	Description
https://www.googleapis.com/auth/compute	View and manage your Google Compute Engine resources
https://www.googleapis.com/auth/compute.readonly	View your Google Compute Engine resources

## Google Compute Engine Instance Group Manager API, v1beta2

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services
https://www.googleapis.com/auth/compute	View and manage your Google Compute Engine resources
https://www.googleapis.com/auth/compute.readonly	View your Google Compute Engine resources

## Google Compute Engine Instance Group Updater API, v1beta1

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services
https://www.googleapis.com/auth/replicapool	View and manage replica pools
https://www.googleapis.com/auth/replicapool.readonly	View replica pools

## Google Compute Engine Instance Groups API, v1beta2

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/cloud-platform.read-only	View your data across Google Cloud Platform services
https://www.googleapis.com/auth/compute	View and manage your Google Compute Engine resources
https://www.googleapis.com/auth/compute.readonly	View your Google Compute Engine resources
https://www.googleapis.com/auth/ndev.cloudman	View and manage your Google Cloud Platform management resources and deployment status information
https://www.googleapis.com/auth/ndev.cloudman.readonly	View your Google Cloud Platform management resources and deployment status information

## Google Container Engine API, v1

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services

## Google Dataflow API, v1b3

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services
https://www.googleapis.com/auth/userinfo.email	View your email address

## Google Identity and Access Management API, v1

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services

## Google Maps Coordinate API, v1

Scope	Description
https://www.googleapis.com/auth/coordinate	View and manage your Google Maps Coordinate jobs

https://www.googleapis.com/auth/coordinate.readonly	View your Google Coordinate jobs
-----------------------------------------------------	----------------------------------

## Google Mirror API, v1

Scope	Description
https://www.googleapis.com/auth/glass.location	View your location
https://www.googleapis.com/auth/glass.timeline	View and manage your Glass timeline

## Google OAuth2 API, v2

Scope	Description
https://www.googleapis.com/auth/plus.login	Know the list of people in your circles, your age range, and language
https://www.googleapis.com/auth/plus.me	Know who you are on Google
https://www.googleapis.com/auth/userinfo.email	View your email address
https://www.googleapis.com/auth/userinfo.profile	View your basic profile info

## Google People API, v1

Scope	Description
https://www.googleapis.com/auth/contacts	Manage your contacts
https://www.googleapis.com/auth/contacts.readonly	View your contacts
https://www.googleapis.com/auth/plus.login	Know your basic profile info and list of people in your circles.
https://www.googleapis.com/auth/user.addresses.read	View your street addresses
https://www.googleapis.com/auth/user.birthday.read	View your complete date of birth
https://www.googleapis.com/auth/user.emails.read	View your email addresses
https://www.googleapis.com/auth/user.phonenumbers.read	View your phone numbers
https://www.googleapis.com/auth/userinfo.email	View your email address
https://www.googleapis.com/auth/userinfo.profile	View your basic profile info

## Google Play Developer API, v2

Scope	Description
https://www.googleapis.com/auth/androidpublisher	View and manage your Google Play Developer account

## Google Play EMM API, v1

Scope	Description
https://www.googleapis.com/auth/androidenterprise	Manage corporate Android devices

## Google Play Game Services API, v1

Scope	Description
https://www.googleapis.com/auth/drive.appdata	View and manage its own configuration data in your Google Drive
https://www.googleapis.com/auth/games	Share your Google+ profile information and view and manage your game activity
https://www.googleapis.com/auth/plus.login	Know the list of people in your circles, your age range, and language

## Google Play Game Services Management API, v1management

Scope	Description
https://www.googleapis.com/auth/games	Share your Google+ profile information and view and manage your game activity
https://www.googleapis.com/auth/plus.login	Know the list of people in your circles, your age range, and language

## Google Play Game Services Publishing API, v1configuration

Scope	Description
https://www.googleapis.com/auth/androidpublisher	View and manage your Google Play Developer account

## Google Play Movies Partner API, v1

Scope	Description
https://www.googleapis.com/auth/playmovies_partner.readonly	View the digital assets you publish on Google Play Movies and TV

## Google Sign-In

Scope	Description
profile	View your basic profile info

email	View your email address
-------	-------------------------

## Google Site Verification API, v1

Scope	Description
https://www.googleapis.com/auth/siteverification	Manage the list of sites and domains you control
https://www.googleapis.com/auth/siteverification.verify_only	Manage your new site verifications with Google

## Google Storage Transfer API, v1

Scope	Description
https://www.googleapis.com/auth/cloud-platform	View and manage your data across Google Cloud Platform services

## Google+ API, v1

Scope	Description
https://www.googleapis.com/auth/plus.login	Know the list of people in your circles, your age range, and language
https://www.googleapis.com/auth/plus.me	Know who you are on Google
https://www.googleapis.com/auth/userinfo.email	View your email address
https://www.googleapis.com/auth/userinfo.profile	View your basic profile info

## Google+ Domains API, v1

Scope	Description
https://www.googleapis.com/auth/plus.circles.read	View your circles and the people and pages in them
https://www.googleapis.com/auth/plus.circles.write	Manage your circles and add people and pages. People and pages you add to your circles will be notified. Others may see this information publicly. People you add to circles can use Hangouts with you.
https://www.googleapis.com/auth/plus.login	Know the list of people in your circles, your age range, and language
https://www.googleapis.com/auth/plus.me	Know who you are on Google
https://www.googleapis.com/auth/plus.media.upload	Send your photos and videos to Google+
https://www.googleapis.com/auth/plus.profiles.read	View your own Google+ profile and profiles visible to you

https://www.googleapis.com/auth/plus.stream.read	View your Google+ posts, comments, and stream
https://www.googleapis.com/auth/plus.stream.write	Manage your Google+ posts, comments, and stream
https://www.googleapis.com/auth/userinfo.email	View your email address
https://www.googleapis.com/auth/userinfo.profile	View your basic profile info

## Groups Migration API, v1

Scope	Description
https://www.googleapis.com/auth/apps.groups.migration	Manage messages in groups on your domain

## Groups Settings API, v1

Scope	Description
https://www.googleapis.com/auth/apps.groups.settings	View and manage the settings of a Google Apps Group

## OpenID Connect

Scope	Description
openid	Authenticate using OpenID Connect
profile	View your basic profile info
email	View your email address

## Prediction API, v1.6

Scope	Description
https://www.googleapis.com/auth/devstorage.full_control	Manage your data and permissions in Google Cloud Storage
https://www.googleapis.com/auth/devstorage.read_only	View your data in Google Cloud Storage
https://www.googleapis.com/auth/devstorage.read_write	Manage your data in Google Cloud Storage
https://www.googleapis.com/auth/prediction	Manage your data in the Google Prediction API

## Search Console API, v3

Scope	Description
https://www.googleapis.com/auth/webmasters	View and manage Search Console data for your verified sites

https://www.googleapis.com/auth/webmasters.readonly	View Search Console data for your verified sites
-----------------------------------------------------	--------------------------------------------------

## Tag Manager API, v1

Scope	Description
https://www.googleapis.com/auth/tagmanager.delete.containers	Delete your Google Tag Manager containers
https://www.googleapis.com/auth/tagmanager.edit.containers	Manage your Google Tag Manager containers
https://www.googleapis.com/auth/tagmanager.edit.containerversions	Manage your Google Tag Manager container versions
https://www.googleapis.com/auth/tagmanager.manage.accounts	Manage your Google Tag Manager accounts
https://www.googleapis.com/auth/tagmanager.manage.users	Manage user permissions of your Google Tag Manager data
https://www.googleapis.com/auth/tagmanager.publish	Publish your Google Tag Manager containers
https://www.googleapis.com/auth/tagmanager.readonly	View your Google Tag Manager containers

## TaskQueue API, v1beta2

Scope	Description
https://www.googleapis.com/auth/taskqueue	Manage your Tasks and Taskqueues
https://www.googleapis.com/auth/taskqueue.consumer	Consume Tasks from your Taskqueues

## Tasks API, v1

Scope	Description
https://www.googleapis.com/auth/tasks	Manage your tasks
https://www.googleapis.com/auth/tasks.readonly	View your tasks

## URL Shortener API, v1

Scope	Description
https://www.googleapis.com/auth/urlshortener	Manage your goo.gl short URLs

## YouTube Analytics API, v1

Scope	Description
https://www.googleapis.com/auth/youtube	Manage your YouTube account
https://www.googleapis.com/auth/youtube.readonly	View your YouTube account
https://www.googleapis.com/auth/youtubepartner	View and manage your assets and associated content on YouTube
https://www.googleapis.com/auth/yt-analytics-monetary.readonly	View monetary and non-monetary YouTube Analytics reports for your YouTube content
https://www.googleapis.com/auth/yt-analytics.readonly	View YouTube Analytics reports for your YouTube content

## YouTube Data API, v3

Scope	Description
https://www.googleapis.com/auth/youtube	Manage your YouTube account
https://www.googleapis.com/auth/youtube.force-ssl	Manage your YouTube account
https://www.googleapis.com/auth/youtube.readonly	View your YouTube account
https://www.googleapis.com/auth/youtube.upload	Manage your YouTube videos
https://www.googleapis.com/auth/youtubepartner	View and manage your assets and associated content on YouTube
https://www.googleapis.com/auth/youtubepartner-channel-audit	View private information of your YouTube channel relevant during the audit process with a YouTube partner

## YouTube Reporting API, v1

Scope	Description
https://www.googleapis.com/auth/yt-analytics-monetary.readonly	View monetary and non-monetary YouTube Analytics reports for your YouTube content
https://www.googleapis.com/auth/yt-analytics.readonly	View YouTube Analytics reports for your YouTube content
